

Changes for Calhoun County 911

Installation of the new Plant system has begun with big changes are right around the corner. Tentatively, all of the necessary equipment should be installed at the Back-Up PSAP (Calhoun County EMA) by March 24th. The Main PSAP is scheduled to be up and running for normal operations to begin on March 26th.

Events from February 2010

* On Thursday, February 11th, employees from Calhoun County 911 along with Red E. Fox held an educational program for the second graders at Piedmont Elementary School.

* National Public Safety Telecommunications Week April 11th-17th, 2010.
